Date : March 5, 1986

From : **Department of Fish and Game**

Subject: Russian Gulch, Mendocino County, Carcass Surveys, Winter 1985/86

Marsha Kidd conducted coho salmon carcass surveys on Russian Gulch on December 10, 1985, December 30, 1985, and again on January 27, 1986.

The areas surveyed extended from the end of the Russian Gulch State Park access road, upstream one and one-half miles. Included was the south fork and the north fork to the falls. No fish, carcasses, or spawning redds were observed on any of the surveys.
