

STATE OF CALIFORNIA
DEPARTMENT OF FISH AND GAME
INTRAOFFICE CORRESPONDENCE

DATE: Dec. 9, 1958

TO: C. K. Fisher, Fisheries Biologist III - Region 3

FROM: G. R. Holman, Fisheries Manager I - Region 3

SUBJECT: Fishway - Carriger Creek (Fowler Creek), Sonoma County

On December 4, 1958 I contacted Mr. Wise, foreman Sonoma County Road Department regarding some minor improvements to the fishway under the bridge crossing subject stream at the junction of Fowler Creek Road and Arnold Road.

These suggested improvements were the removal of the gravel at the entrance of the fishway on the upstream side and also, the removal of the large boulders in the fishway proper.

Mr. Wise assured me that they will take care of this situation in the near future just as soon as equipment and man-power is available.

G. R. Holman
Fisheries Manager I
Region 3
