Adopt-A-Fish

A GREAT GIFT IDEA FOR THE HOLIDAYS!!!

The Humboldt Fish Action Council (H-FAC) is pleased to be offering you our 2nd annual Adopt-A-Fish program. For the low price of \$20 you can adopt a live Freshwater Creek salmon or steelhead. These fish will be given an individual PIT tag number and tracked throughout the Freshwater basin on its epic spawning adventures. You will immediately receive a certificate containing your fish's information and in the spring after the spawning season, you will receive a certificate with a picture of your fish, a watershed map showing where your fish spawned, date of river entry, and biological data including species, gender, and length. The proceeds will be used to help the Humboldt Fish Action Council pay for AmeriCorps Watershed Stewards Project members who will continue to conserve, restore, and enhance the Freshwater watershed for future generations by linking education with high quality scientific practices.

Happy Holidays and best wishes to you and the fishes!!!
